Admissions & Placement Department

I am excited to announce the Admissions and Placement Department is now fully staffed and moving forward in a great direction. In 2019, we have already assisted 4 people moving into the community, and are excited to have 3 more moving to the High Medical Needs Initiative homes in the next few months. The first individual in the entire state that moved to the Initiative was from CCSSLC, and her post-move monitoring has come to an end, as she will soon be officially discharged from CCSSLC services. Special shout-out to the Coral Sea teams who have coordinated with us tirelessly to make these moves successes! I know it isn't easy! Additionally, so far in 2019, we have welcomed 3 individuals into the facility, and assisted another in transferring to a different SSLC. I cannot tell you how proud I am of this department. We've only just begun, y'all!

Responsibilities when ANE is witnessed or Suspected:

All employees, agents, contractors, and volunteers who suspect or have knowledge of, or who are involved in any allegation of abuse, neglect or exploitation, must comply with the following reporting requirements. Allegations of abuse, neglect, or exploitation must be reported immediately to the Director or designee and then APS PI. Retaliation will not be tolerated. If you feel that you have been subjected to retaliation because you in good faith reported an allegation of abuse, neglect or exploitation, you must report this to the Director.

- Immediately take action to stop the mistreatment.
- Comfort and reassure the victim(s).
- Give first aid if there is an injury.
- Arrange for a nurse to examine the victim, if there is possible injury.
- Secure evidence.
- Immediately report to the facility director/designee and APS PI (Adult Protective Services Provider Investigations).
- Assist a visitor, family member, or resident to make notifications, if they need help.
- Fill out proper paperwork.
- The psychologist is to complete an Emotional Security Assessment within 24 hours.

Stretch at Your Desk!

1• Rubber Neck

Sit up tall and drop your right ear down towards your right shoulder (you don't have to touch it!) and hold for a few seconds and repeat for the left side.

2• Reach for the Stars

Interlace your fingers and reach up towards the sky, as high as you can ... keeping your palms facing up towards the ceiling.

3• Chest Opener

Bring your hands behind your back, press your palms together, sit up tall and hold for 5-10 seconds.

4• Bobblehead

Drop your chin down towards your chest and GENTLY roll your head from side to side.

On February 14th every resident received personalized Valentine's Day cards. Thank you to the students of JFK Elementary and Kappa Delta Chi from TAMUCC who made sure the residents had a very special Valentine's Day.
